MAUVE MAVEN APPLICATION

STEP 1: SECTIONING

-  Create a horseshoe shaped section that starts at the corner of the eye and extends to the crown, ending at the opposite corner of the eye.
- Separate the front from the back with a vertical parting from the horseshoe parting to the top of the ear. Repeat on the opposite side.
- Divide the back equally with a vertical parting from the horseshoe parting to the center of the nape. Secure both sides.

STEP 2: APPLICATION

-  Starting in the back corner of the nape, take "a ¼" (0.5cm) diagonal back section with a regular stitch, and place on a foil. Apply **Highlight Formula 1** and saturate. Fold and secure the foil. Continue to drop down sections and alternate with **Highlight Formula 2**. Complete back section, then repeat on opposite side.
 -  Starting in the front of the ear, take a ¼" (0.5cm) diagonal back section with a regular stitch and place on a foil. Apply **Highlight Formula 1** and saturate. Fold and secure the foil. Continue to drop down sections and alternate with **Highlight Formula 2**. Complete side section, then repeat on opposite side.
- HOT TIP:** Try altering the ratio of both formulas creating a lighter result closer to the face for more brightness.
- Process for 20 minutes at room temperature. Shampoo with **Redken Extreme** and apply **Redken Chemistry** for 5 min. Dry hair.
 - Using a global application, apply **Glaze Formula**. Process for 20 minutes at room temperature, then rinse, shampoo and condition with **Redken Extreme**.
